DEJON FAH Joël Xavier

Product Designer, ui/ux | Community enthusiast

Yaoundé, Cameroon • +(237) 656 99 78 10

joelfah2003@gmail.com • https://linkedin.com/in/joelfah • https://github.com/Joel-Fah

My journey into UI/UX design began with a focus on creativity and problem-solving within the design universe. Over time, I've refined my ability to craft intuitive interfaces, while also integrating graphic design elements into my work. I'm deeply involved in the design community, attending and organizing events, exchanging ideas, and collaborating with others who share the same mindset. For me, it's about pushing boundaries and shaping meaningful digital experiences.

SKILLS That Bring my Imagination to Life

- **Frameworks:** User-Centered Design, Design Thinking
- **Tool(s):** Figma
- **Soft:** Problem-solving, Prototyping
